

GP Education E-Modules

Did you know that the Addison's Disease Self-Help Group (ADSHG) charity has co-authored two GP education e-modules on Addison's disease and adrenal insufficiency?

Learn about the causes of adrenal insufficiency, how to recognise and diagnose it in primary care and how to manage the condition effectively.

The modules also cover adrenal crisis, including how to identify the signs and deliver emergency treatment before transferring the patient to hospital.

2 Courses Available

BMJ Learning Adrenal Crisis e-learning course

30 minute course
CPD Points: 0.5
